AngloGold Ashanti Iduapriem Mine picked the award for Local Content, and Sustainable Procurement of the Year at the 3rd Africa Procurement and Supply Chain Awards held on 11 June 2021 at the Movenpick Ambassador Hotel in Accra.

The awards recognise leading procurement experts, teams and top procurement & supply chain organisations, whose outstanding leadership and practices have raised the standards of the procurement profession, showcasing top ethics, best practices, tact, and brilliance in managing organisations' supplies, as well as promoting business growth and sustainability.

The Africa Procurement and Supply Chain Awards is powered by InstinctWave, Africa's premium Business-to-Business event & media specialists, in partnership with the Ghana Institute of Procurement & Supply, (GiPS), Chartered Institute of Procurement & Supply (CIPS) and Chartered Institute of Supply Chain Management.

Commenting on the award, the then Ag. Managing Director, Ing. Isaac Boakye-Aduenin, expressed gratitude to the organisers for the recognition and assured that the award would spur the Mine to explore other avenues to scale up its procurement policies and practices.

“As a mine, we are committed to continuous improvement and will, therefore, ensure that the products and services we buy are sustainable as possible, with the lowest environmental impact and the most positive social results,” said Ing. Aduenin. “We will not only sustain the gains, but also explore other avenues to scale up our procurement policies and practices to allow for more local participation.”

He stressed that, as reigning Mining Company of the Year, these awards further reinforce the fact that the good works of the Mine are not only making the needed impacts but also being recognized by all relevant stakeholders. He dedicated the award to the hardworking Iduapriem team.
