On Friday, 13 January 2023, the Western Regional Minister, Hon. Kwabena Okyere Darko-Mensah led a team from the Regional Coordinating Council and the Tarkwa-Nsuaem Municipal Assembly on a working visit to Iduapriem Mine. The purpose of the visit was to assess the progress of work on the Mine's resettlement of Domeabra, Acheampongkrom, and Nkwantakrom communities to Cape Town, near New Atuabo, a suburb of Tarkwa, as part of the ongoing Beposo Tailings Storage Facility project.

Managing Director, Samuel Boakye Pobee, welcomed the Minister and his entourage and led them on a tour of the resettlement site. The Minister and his delegation expressed satisfaction with the project and urged the Mine to continue the implementation of its Livelihood Restoration Programme to leave the resettled communities better off.

The 120 project affected persons have moved into their new homes, with each receiving support items (beds, mattress, gas cylinder, and stove) as well as a six-month support allowance. Also, the Mine, in collaboration with the Ghana National Fire Service, Electricity Company of Ghana, and the Tarkwa-Nsuaem Municipal Assembly, organised a training for the individuals on waste management, fire safety, and effective use of electricity before they moved into their houses.
