Iduapriem Named 6th Most Prestigious Company in Ghana

Senior Manager – Business Improvement, Alex Opoku Bediako, leading the Iduapriem team to receive the prestigious award

AngloGold Ashanti Iduapriem Mine clinched the 6th position at the prestigious Ghana Club 100 Awards held on Friday, 8 December 2023, at the Grand Arena, Accra International Conference Centre. This remarkable achievement reflects team Iduapriem's superior performance and commitment to excellence over the years, having jumped from the 21st position last year to the 6th position this year.

The Ghana Club 100 Awards is under the auspices of the Ghana Investment Promotion Centre (GIPC) and is aimed at ranking the top 100 companies in Ghana. The ranking was done by KPMG, an international consulting firm, based on four main criteria: size, growth, corporate social investments, and profitability of companies in the year under review.

This year's event, which was the 20th Edition, was on the theme, "Accelerating Economic Growth: Amplifying Ghana's Global Market Footprint through AFCFTA." It was aimed at providing a robust platform for assessing Ghanaian companies, while fostering the resilience and confidence necessary for global competitiveness.
